

Fire Department Implementing New Life-Saving Devices

by Rick Howard, Fire Department

Sandy City Fire Department has implemented two new life saving devices in its rescue units. The two devices that are now standard medical apparatus are the End Tidal CO2 and the AutoPulse.

The End Tidal CO2 is a machine that measures how much carbon dioxide a patient is retaining allowing emergency staff to understand how well a patient is breathing. If a patient is retaining carbon dioxide or exhaling too much, the End Tidal monitor alerts EMS personnel to adjust the levels of oxygen according to the patient's needs.

The AutoPulse is a new device that helps our medical staff with CPR. The AutoPulse can replicate cardiac compressions more effectively than a paramedic so that more lives can be saved.

The Sandy City Fire Department takes pride in providing the most up-to-date treatment available for our citizens.

Outstanding Sandy City Employees Receive Prestigious Awards

George Shaw, Sandy City's Planning Director for the past 22 years, recently received the "Meritorious Planner Award" from the Utah Chapter of the American Planning Association. This award is given to those who have dedicated much of their life to the field of planning. George Shaw has worked for Sandy for 30 years where he has been a major contributor to the design of Sandy's neighborhoods and where his efforts for urban planning have helped make Sandy City a showplace for planning in the State of Utah.

Larry Bowler, Public Utilities Operations Manager, has been awarded the "Distinguished Public Service Award" from the Intermountain Section of American Water Works Association. This award was given because of Larry's service to his community outside of his regular job duties. In addition to his public service with Salt Lake County and Sandy City, Larry has also served the youth of Sandy City for 30 years through volunteer work in scouting.

Mark Williams, Sandy City Public Utilities Water Operator received the "Water Operator of the Year" award from the American Water Works Association for his years of dedicated and exemplary service.

Sandy City is proud to have our employees recognized with these prestigious awards. Congratulations!

Ballet presents the Nutcracker
